

2 Colour Sprats Head Scissor Fob

3" square 18 count mono canvas

2 colours Colour Compliments #5 Perle cotton

Instructions:

- (1) Following the stitch diagram, stitch one Sprats Head, alternating the colours. Colour #1 is shown by the white lines and colour #2 by the gray lines. I added a stitch in each corner which is not shown on the stitch diagram but is shown on the chart.
- (2) Turn your canvas around 180 degrees and stitch another Sprats Head exactly the same.
- (3) Surround the Sprats Head with a row of Slanted Gobelin over 2 threads in colour #1, and a row of Cross Stitch over 2 threads in colour #2.

Finishing:

- (1) With white glue, put a backing on your fob. I used a piece of soft leather, but felt would work as well. When it is dry, cut out the fob, leaving one empty thread around the stitching. Surround the fob with a twisted cord (I glued mine on, but you could stitch it down), knot at the top, and use the rest for attaching to your scissors.
